

Cashless and Checkless Practice Policy

At Suncoast Women's Care, we are committed to providing you with the highest quality of care while ensuring your experience with us is as seamless and secure as possible. To help us focus more of our time on your health and less on administrative processing, we are transitioning to a **cashless and checkless practice**.

What This Means for You

Starting March 1, 2026, we will no longer accept cash or personal checks for co-pays, outstanding balances, or services rendered.

Accepted Payment Methods

We continue to offer several convenient and secure ways to handle your financial responsibilities:

- **Credit & Debit Cards:** (Visa, MasterCard, American Express, Discover)
- **HSA/FSA Cards:** Health Savings and Flexible Spending Account cards.
- **Care Credit:** 12 months interest free payment plans via carecredit.com
- **Digital Wallets:** Apple Pay, Google Pay, or Samsung Pay.
- **Online Patient Portal:** Pay your bill anytime through our secure link to your portal on our website suncoastwomenscare.com

Why We Are Making This Change

- **Enhanced Security:** Reducing physical currency onsite ensures a safer environment for our patients and staff.
- **Faster Check-in/Check-out:** Digital payments allow for quicker processing, getting you in to see your provider sooner.
- **Accurate Record Keeping:** Electronic transactions provide you and our billing team with an immediate, transparent digital trail for insurance and tax purposes.

We appreciate your cooperation as we work to modernize our practice and better serve our community. Thank you for choosing Suncoast Women's Care for your healthcare needs.

Sincerely,

Suncoast Women's Care Staff
